How fast this meter is running! If some one don't stop it, my gas bill will be larger than my month's saiary. It must be a newly patented man. apparatus. But it makes no differ ence what it registers; my bill will he large enough, anyhow.

There are other fast moving things, but they don't make your hair stand and Boys' Suits at Michael's. Their Combination Suit, with two pair of Pants and Cap to match, warranted never to rip, are going as fast as this

THE WEATHER. The Bureau Says it will Soon be

15.—(Special.)—The storm central over Lake Erie yesterday, has moved eastward to the borth Atlantic coast. Setween the Bocky Mountain and the Mississippi river there is a storm area this morning, with its center over Kansas. This storm will cause showers over the central valleys and ake regions during the next 24 hours. Between the two storms is a moderate area of high barometer, which will drift to the coast to-day, and be fol-

The temperature has risen generally over the greater portion of the country, and the conditions indicate warmer weather in all sections during the next thirty-six hours. The cloudy condition which prevailed over this vicinity last night afforded much protection from frost, although several stations in this section report them this morning. Lowest temperature at this station was 34 degrees. During the past twenty-four hours

rain or snow has been reported from all sections of the country. E. A. HANNER, Observer.

BRITISH PACIFIC CABLE. Australians Are Very Enthusiastic Over the Project.

VANCOUVER, B. C., May 15 .- Mail advices by the steamer Miowers from Australia say that the British cable cheme is booming in Australia. Each of the colonies has agitators who are They are of a most plausible nature, tending to show that the cable would be a paying affair from the start, and if Great Britain, Australia and Canada do Great Britain, Australia and Canada do For Indiana — Increasing cloudiness; warmer: variable winds.

would be sent by the Pacific route. In 1890 Australians cabled 827,238, and in 1891, 1,277,191 words. They guarantee in the face of reduced rates that 1,150,000 words will be sent by the Pacific route, the receipts for which must be £118,031. The feeling in favor of the Pacific cable is spreading, and not a colony in Australia will withhold a bonus.

GOT THEIR LEGS PULLED.

Eastern Capitalists Buy a Saited Mine in Riverside, Cal., May 15 .- The syndi-

cate of capitalists living in Haverhill, Mass., who bought the Good Hope mine nearly a year ago for \$250,000, have come to the conclusion that they have paid too much for the property. They now desire the courts to aid them in throwing off \$100,000 from the purchase say, was run through the mill when the experts representing the syndicate made their tests. As a result of this deceit they declare they paid several times the value of the mine. These allegations form the pith of the answer which the defendants have filed in a suit to foreclose a mortgage of \$100,000 which they gave when they took the mine.

BIG BOILER EXPLODES.

was almost invincible, allowing but fort puny singles off his awift delivery. The solitary run scored by Ryan was through two rank errors by Captain Davis. The woather was clear but very cold. At-tendance, 1,500. Rehises to Re-Engel the Rules of Los Year-Our Officers Consider This Disastrons to the Figheries-Possible Thi Another International Squabble Will Be the Result,

WASHINGTON, May 15.—An ugly crisis has been reached in the negotiations between the United States and Great Britain locking to the adoption of uniterm regulations for the government of the seal fisheries this season. The British government positively refuses to re-enact the regulation of hat year, which prohibits the carrying of firearms by scaling vessels through the zone closed season. The United States offi-

cials look upon this as Disastrous to the Seal Flaheries holding that the result will be to relieve the pelagic scalers of the only restriction which has operated to prevent an un-limited slaughter of the herds.

which has operator to preven an delimited slaughter of the herds.

While killing by firearms remains illegal, it is realized that it will be impossible to enforce this prohibition if armstean be freely carried, for the sealers
would kill freely unless they should
happen to be under the very eye of a
revenue cutter. Meanwhile the United
States cutters have gone out under the
old instructions to seize all vessels carrying arms not under seal. These must be

No Longer Insolvent

That Tired Feeling

powerished bleed. If your blood sould always be riek and pure, full of the red corpuscies upon which its vitality depends, you would never be weak, or

Berrone I Bolle, pimples, scrotule, salt rheam, would never trouble yos. But our mode of Pving, shut in all winter in poorly wentlisted homes and shops, depictes the blood and there is toes of appetite, and weakness. Hood's Sarra-parills is the standard remedy for this condition. It purifies, vitalises and enriches the blood, oversomes that tired feeling, builds up the nerves and gives perfect health. Read this:

Our daughter, Blanche, when four years of age had a humor break out on her hands and face, which our physician pronounced accems. If the cold air swell up, look almost purple, and ing and itching would drive her nearly wild Unless we increed her little hands she would tear patches of skin from her face and hands. We tried many doctors and many remedies and at last gave the case up as hopeless. But our daughter Cora tried Hood's Sarsaparilla, to curs a scrofulous lamp near the left breast which caused har much pain and after taking 4 bottles it disappeared. Blanche, who is now eleven, had spent seven years of suffer-ing, so I concluded to give her Hood's resparills. She took 5 bottles and her color of a rose petal. Her hands are soft and white, where four months a_o they were blue and red and calloused nearly like leather. I cannot express my gratitude by pen or mouth. It seems a minede and our friends are surprised " Mas. Anna L. Chark, 601 E. 4th St., Duluth, Mins.

HOOD'S Sarsaparilla

N. B. Be sure to get Hood's and only Hood's.

Decline of the Lightning Red

"What has become of all the light ning-rods" asked a friend of mine can scarcely find a house in a day's journey which is fitted up with thes old time protections against electric bolts? Why, a few years ago every prosperous farmer would as soon have thought of leaving his stock without water as to neglect protecting his house and barns with lightning rods Agents coined money traveling around the country in wagons and putting up these contrivances to ward oil danger. But their day was oon run More disasters were creat

HOME OF THE COLD WAVE.

Valley in Eistern British Columbia Seli-to Bo Its Starting Point. to Bo Its starting Point.

It is frequently asked Where do cold waves originate? The coldiest portion of the North American continent is in all probability in the Saskatchewan valley, east of Mount Hooker and Mount Hood, both of which are situated in the Rocky mountain range that divides British Commits from the valley and the Alberta country. The height of this mountain range prevents the eastern trend or flow of vapor from the Pacific coean from crossing over into the valley, as it would were it not for the presence of this high range of mountains.

Yet it must not be supposed that are Yet it must not be supposed that axtreme cold always provails here, because at certain intervals the vapor from the Pacific flows cost by way of the Alaska puninsula through the upper valley of the Athabasca river into 44berts and the valley of the Saskatchewan, and there meeting with a more southern and castern flow of vapor that flows through the gap in the mountain range made by the bay of Sas Juan it wirms and expands the atmosphere crosses the path of the cold wave and a warnith of from 20 to 40 degrees is the result, as we often see graphically marked on the weather map by red dots here and there on its surface. But this does not satisfacturily answer why it is that the cold wave leaves its home in the that the cold wave leaves its home in the

that the cold wave leaves its home in the above mentioned vally to go junketing on a southern from.

To find the cause of those successive cold waves which we experence from time to tame we will have to look in quite an other direction—down to the northern tropical lutitude where the great experation of those warm currents and ocean surfaces is carried westward from the Atlanta co. and by the trade winds and is massed together between the winds of the castern off sline winds blowing some times from blorkda and at other time from Texas, but in then case preme time from the action which has the effect of on larging the area of the sterm and the im

WANT THEIR PAY

Ohio Southern Employee Visit Springfield and Demand Their

work on the extension of the Ohio Southern railway, from Jessersonville Southern railway, from Jeffersonville to Clacinnati, walked into this city Sunday night. When they got hore they stated that they had walked from Harveysburg, about twenty-six miles southwest of Jeffersonville, where they have been at work on the construction of the new line. According to their story, they have not roceived their wages for a considerable time, and, hearing that the road had passed into the hands of a receiver, they made up their minds to come to this city and enlist the cooperation of Mayor Mast in securing redress.

The men waited on the mayor in a body Monday morning and asked him to compol Receiver Saul to pay them their wages They seemed very much surprised and disappointed when the mayor informed them that he was not in a position to do anything in the case. The men are very ignorant and imagined that the mayor had only to say the word and the money would be paid them. A few of the men seemed to understand the matter, but the most of them seemed to

think that they were being taken advantage of in some way The men state that they were teld at Harveysburg that the proper course to pursue would be to come directly to the mayor of Springfield, but Mr. Mast thinks this was told them in order to impose upon them The law providing for such cases makes the receiver of the road an officer of the court and he cannot pay

"How to Cure Skin Diseases," multed free

Our extraordinary bargains woo the tide of popularity Our matchiess stock of MEN'S AND BOYS' WEARABLES wins the favor of the most exacting Our modern methods

commend the respect of those who pose as our competitors

THE MAMMOTH'S

Six Days' Special Surprises!

Every day is bargain day in the people's popular shopping place, but this week we are going to put forth special efforts to interest the wage workers of our city; the men whose toil has taught them the value of a dollar, and whose

plain duty to themselves and their families is to make their money go as far as possible. We ask no man to buy a dollar's worth here who FEELS he can do as well elsewhere. But we DO ASK all men to investigate the broad claims we

make, and on the truth or falsity of which we stand or fall; and that is, that we give better values for a given amount

in Men's and Boys' Clothing, Hats, Caps, Furnishing Goods, than any competing concern in Northwestern Ohio. Our stock is larger and more varied; our styles are higher; our prices lower and our methods more modern, more liberal,

Men's Spring and Summer Suits,

As compared with the meager showing of other houses, shows up as the Rocky

Mountains to the foot hills, and embraces every grade and make, from the cheapest that we can recommend to the finest that can be produced. Our values are

from 15 to 25 per cent. greater than those of any house in Northwestern Ohio. A strong statement this, but one that investigation will bear us out in, and knowing

this we make it boldly, fearlessly and defiantly, as witness the extraordinary val-

ues to be found in our incomparable offerings of Men's Spring and Summer
